

The Class of 2016 dedicates the yearbook to Mr. Laperle

The first time many of us met you, we met you simply as the athletic trainer. You knew our sweaty feet, our pain, our fear and our tears before you knew us as individuals, but your compassion and kindness never would have revealed that. For the entirety of our time here at Gould, you've been the one to rescue us from chronic and acute injuries. And, thanks to your Intro to Sports Med class, you also taught me what those terms truly mean. You taught us the importance of staying strong against those who challenge our disposition, and exemplified for us the meaningfulness of putting others first, even on a bad day. Thank you for all of the times you made us laugh with your sarcasm that took me four years to figure out. Thank you for all of the ankles you taped, knees you rehabbed, and suggestions that you made. Thank you for being there to support us, guide us or simply help us gain a new perspective. Your caring and encouraging disposition inspired and supported us to be the best athletes we could be, but also to be the best version of ourselves, and for that we will be forever grateful. I remember the first time I came into the training room, convinced you were the scariest faculty member in this community. I don't think I could have been more wrong. You have become a powerful presence in all of our lives and in so many ways. To all of us, you were our athletic trainer by profession, but you were also a teacher, an advisor, a mentor and a friend. Your journey here at Gould started one year before ours, but like you have told members of our senior class, it is like we are graduating together. You saw an opportunity that not only influenced you but also influenced your family, and you took it. We are all so lucky to have gotten to know you during our time here at Gould, and to be able to leave this amazing place with memories of your constant presence. Just make sure that if you ever come to visit, you bring Baby Lappy too. From the class of 2016, we wish you the very best of luck! - Brooke Kelly
